You may also want to do a trade with a friend. If you are unable or unwilling to sell the item, donate it to a needy charity. You can also post the item on a website, such as [www.freecycle.org](http://www.freecycle.org), and anticipate a person that wants that item, to contact you, and coordinate a time for pick-up. In any event, scale down and get rid of the clutter.

What will you do to remove the extraneous stuff from your home space?

Example: I will host a garage sale. To accomplish this, I'll obtain a license from the City and coordinate a garage sale with my neighbors so that there will be lots of advertising- I'll also enlist the aid of my young, strong nephews to help me lug everything to my garage.

## Take out the Clutter

Fall has arrived. The time is ripe to go through your belongings and those of your dependents! Get rid of useless or un-needed clutter. Gather up clothing which is too small or simply unsuitable and all other items which somebody may want (the tacky novel that your cousin gave you). Hold a garage sale, make some money, and clear out your living space. You can also sell gently used clothing at a consignment store.

*"Out of clutter, find simplicity.  
From discord, find harmony.  
In the middle of difficulty, lies opportunity."*  
-Author Unknown

### Tip.

If the job seems too intimidating to even begin the process, start the project in chunks. For example, start with your CD collection. Weed out the broken CD's. Next, proceed to sift through your magazine collection and so on.
